Profile Summary

A motivated and detail-oriented undergraduate data science student at SLTC Research University, passionate about data analysis, machine learning, and leveraging data to drive insights. Skilled in statistical analysis, programming, and data visualization. Seeking an internship or entry-level position to apply and expand my data science knowledge.

Education

SLTC Research University

Bachelor of Science in Data Science

Expected Graduation: 2028

Skills

https://github.com/malshadevindi93847/Personal-Web-Site.gitHub.io

https:// malshadevindi93847-git.github.io/iamsandeepa.github.io/#about

- Programming Languages: Python, R, SQL
- Data Analysis Tools: Pandas, NumPy, SciPy, Jupyter Notebooks
- Machine Learning: Scikit-learn, TensorFlow, Keras
- Data Visualization: Matplotlib, Seaborn, Power BI, Tableau
- Other Tools: Git, Excel

Relevant Coursework

- Data Structures and Algorithms
- Probability and Statistics
- Machine Learning
- Database Management Systems
- Data Visualization
